DRAYTON VALLEY, ALBERTA

VOL. II, NO. 32 AUGUST 10, 1966 PRICE 10¢

Postal Employee Retires

Miss Louise Bouffard, a supervisor at the Drayton Valley Post Office for the past six years, retired recently due to poor health.

Miss Bouffard started her postal career in the Mercoal, Alberta Post Office as an assistant in 1946. She was promoted Postmaster in 1951, a position she held until 1960. With the closing of the Mercoal Post Office in 1960 she was transferred to Drayton Valley as a supervisor, a position she held until her retirement.

Miss Bouffard was honoured by her fellow postal workers by a dinner and presentation at the home of Mr. and Mrs. Jack Bright.

Miss Bouffard will be missed at the local Post Office and she is wished a speedy return to good health and many years of happy retirement.

It is not expected that a replacement will be named for Miss Bouffard for a month or six weeks and Mr. Dunc Grant, a supervisor at the Ponoka Post Office, has been assigned to Drayton Valley on a temporary basis to allow the Postmaster, Jack Bright, to take holidays starting August 8th.

P.O. Closed

The Post Office Department has announced temporary closing of the Easyford Post Office because of difficulty in obtaining a postmaster.

Mail dispatches to and from Easyford will be handled through the Drayton Valley post office.

The Easyford Post Office was the second to be closed in this area in recent months and was preceeded by the closing of the Round Valley Post Office earlier this summer.

Donkey Ball Game in Drayton Valley Aug. 11

Cliff Dunham's Donkey Ball Shows from Rocky Ford, Colorado will be in town on Thursday, August 11th. A game of Donkey Ball will be played that evening starting at 6:30 p.m. at the Minor Baseball Diamond in the Lion's West Valley Recreation Park.

The show is sponsored by the Drayton Valley Athletic Association. This Association is the sponsoring body for Minor Athletics in Drayton Valley and district. Over the past eight years this organization has been the backbone of the local minor athletic and recreation program especially in football, baseball, hockey, girls' gymnastics and softball.

Dunham's shows will furnish the donkeys and the local organization is responsible for obtaining the players for Thursday's game. It is likely that these players will come from among the ranks of the Drayton Valley Men's Softball League personnel.

All in all it should add up to quite an hilarious evening for all in attendance. The admission fees will be $1.00 for adults and 50¢ for children and all those attending school. Come out, enjoy yourself and support your minor athletic and recreation program.

Outdoors Beckons

Anglers and berry pickers appear to be enjoying the outdoors these past few days with berry pickers apparently enjoying the greater success.

A bumper crop of raspberries will ensure plenty of jelly and jam in the district this winter and some wild strawberries are still available to dedicated pickers. Prospects for a good blueberry crop is evidenced by many green berries awaiting more warm weather.

Anglers have enjoyed moderate success in the Pembina taking occasional pickerel and the Brazeau Dam was well populated by fishermen Sunday but not many fish were landed.

Hunter Training Instructors Qualify

A five session course for hunter training instructors was held recently by the Pembina Oilfield Fish and Game Association.

The course, which was conducted by Mr. Paul Presidente of the Fish and Wildlife Service of the Alberta government, was held during the last week in June and on July 28th those enrolled were qualified by Mr. Presidente.

Twenty-one persons from Drayton Valley, Lodgepole and surrounding areas took the course and all qualified.

The association now plans a course in hunter training for September to be open to everyone over 14 years of age. Some of the subjects to be covered are firearm safety, survival, identification of wildlife, first aid and other information of value to those enjoying the outdoors.

Anyone interested in the course may obtain further information by phoning Karl Degen at 542-4141 or Marv Grue at 542-2159 evenings.

John Nikel Appointed Canoe Race Commodore

The Honourable Ambrose Holowach, Provincial Secretary and Chairman of the Alberta Centennial Committee, has announced that Mr. John Nikel, of Edmonton, formerly Commodore of the Alberta Centennial Voyageur Canoe Pageant team, has been appointed Technical Commodore for all Canada for the 1966 Voyageur Canoe trials.

As Technical Commodore, Mr. Nikel will be responsible for the ten canoes and teams of paddlers which represent all provinces and the Yukon and Northwest Territories (except Newfoundland and Prince Edward Island) in the 1966 trials, which will take place August 5 to August 15 in British Columbia, and from August 23 to September 3 in Quebec and New York.

Mr. Nikel is a former resident of Flin Flon, Manitoba, where he served as Commodore of the Flin Flon Canoe Club for three years.

In 1965 he was elected president of the Alberta Paddlers' Association, and in the same year was appointed by the Alberta Centennial Committee to serve as Commodore of the Province of Alberta team for the Voyageur Canoe Pageant and all preceding trials.

Acting Commodore of the Alberta team for 1966 will be Vic Chapman, former Edmonton Eskimos and British Columbia Lion football star and a Centennial Officer for the Alberta Centennial Committee.

Health Unit Report

Second quarterly report of the Edson Health Unit covering the period April 1st to June 30th, 1966, was presented recently by Dr. J.M. Brown, Medical Officer of Health.

EPIDEMIOLOGY

The incidence of Communicable Diseases reported to the Health Unit office during the quarter has not been great and the figures are much lower than the previous quarter, namely sixty-one as compared with three hundred and ninety-nine.

The rapid drop in the incidence of measles is principally responsible for this situation, but while few cases are now occurring in the Eastern end of the unit, it is noted that a few cases are being reported from the Hinton area.

A considerable number of cases may be anticipated from the latter area as measles has not been reported from the Hinton area for some three to four years. It is to be hoped that the Measles Vaccination program, while still in an early stage, may be of some help in protecting the children under three years of age.

Sporadic cases of dysentery have occurred in the area the total number of cases, however, has not been great. Extreme vigilance is required to prevent much wider spread of this condition. The incidence of dysentery is one of the best indications of the standard of hygiene in any environment.

In the quarter eighty-three adults were skin tested and of these four were found to be positive reactors. Twenty-two child contacts were tested with four positive reactors. Five hundred and sixty-five students were tested and of these none were positive reactors. All positive reactors, in the above groups, were X-rayed with negative results.

Continued on Page 3

B.C. Map Needles Country

Ken Landers returned at the weekend from following the birds to beautiful British Columbia and brought with him an interesting little place mat from the Park Hotel in Abbotsford.

A tongue-in-cheek artist has done a humorous job with a map making B.C. (the Big Country) look good at the expense of the rest of the country. Albertans are portrayed as oilboys and cowboys and our famous tar sands described as oil seepage from B.C. The needle is also extended to Ontario - "Little League Football Country" and the Quebec metropolis described as "More Real". The prairies are disposed of as "millions of acres of nothing."

Naturally the picture changes rapidly as you move Westward from the Alberta-B.C. border to find the world's biggest salmon, world's tallest trees, world's hottest springs, mountains of gold and "flood control for our thirsty Southern neighbors."

The picture is completed with the legend "...and there shall be pause to give thanks to the splendor that surrounds us...B.C. Government."

Cabinet Ministers Appointed

new cabinet ministers were announced recently by the Honourable E. C. Manning, Premier of the Province of Alberta. Mr. Adolph O. Fimrite, Wanham, Alberta, was appointed Minister without Portfolio and Chairman of the Northern Alberta Development Council, and Mr. Robert C. Clark, Carstairs, Alberta, was appointed to the new portfolio for the Ministry of Youth. Shown above are: Hon. J.W. MacEwan, Lieutenant Governor of the Province of Alberta; Hon E.C. Manning, Premier of Alberta; Robert C. Clark; Adolph O. Fimrite; and in the background the Hon. R.H. McKinnon, Minister of Education, at the offical swearing-in ceremonies in the Legislative Building, Edmonton.

AUG 18 1966

D. V. Highlights

BY MRS. EDITH DEBY

Miss Glenda Galloway has joined the library staff. She will work after school for two afternoons each week.

Mr. and Mrs. Norman Butler, of Ponoka, called in on their way home from a visit at High Level on Monday. Mrs. Butler sustained painful injuries to her shoulder in a car accident last spring and still feels the effects of them.

We should like to take this opportunity to extend sympathy to Mr. Watson's family.

Mr. and Mrs. Freeman Hill visited Mrs. Hill's niece and nephew, Mr. and Mrs. David Glen Jr. at Lundbreck. They found the Glens well and very happy with the new daughter that they added to their family this spring. The Hills found a side jaunt to Cypress Hills of special interest. This section of Alberta is noted for its growth of tropical plants.

Next Wednesday is the date of the Women's Institute's annual Flower Show. Hope to see you there.

Mr. and Mrs. Ed Cook of Virden, Manitoba were guests of their son-in-law and daughter, Mr. and Mrs. Ken Hausherr, for two weeks. Little Darlene Hausherr was of special interest to her grandparents.

Mr. and Mrs. H.B. Spearing of Boston, have been visiting Mrs. Spearing's brother, Mr. Al Miles. Mr. Miles devoted his own holiday to showing his relatives as much of our part of Canada as could be crowded into a fortnight. A car camper trip took the party to Jasper, Banff, Radium, Calgary Stampede, Prince George and Northern Alberta towns. Edmonton and district was not forgotten and tours about the city included Jubilee Auditorium the U. of A. and various shopping centres. Mr. and Mrs. Spearing thought the Alberta Game Farm especially fine. Upon their return to Boston they will have news for the neighbours who expressed the opinion that Edmonton was a small village.

Mrs. Johanneson's flight made the trip to England in eight and one half hours. She was met at London airport by her relatives en masse. Many of these are nieces and nephews and other relatives born since Mrs. Johanneson left England.

DOLL WINNER

Winner of the Lodgepole Lions Club doll raffle held during Klondike Kampers Karnival was Mrs. Olsen of Drayton Valley.

CALIFORNIA VISITORS

Mr. and Mrs. Barnhill of San Mateo, California have been visiting at the home of the Zolmers in Drayton Valley. Mrs. Barnhill is Mrs. Zolmer's sister.

Minor Football Program Starts in Early September

Within the next month we will be into our Minor Football program. The first games should take place around the second week in September and the season will extend approximately into the first week of November.

At this time we would like to extend to each and every person in the community interested in this program an invitation to take part in some way. First of all we need at least ten coaches. We also need persons who are willing to officiate at the games, especially referees, umpires and linesmen. In a word, we need help in every phase of this program if it is going to be a success.

There will be no football played locally at the High School level this year. We will field one Bantam team, boys 12 to 15 years of age, which will play exhibition games with teams from other centres. We hope to field a sufficient number of teams at the PeeWee level, the 10 to 12 age group, to form a Town League as in past years.

We are planning to hold a Football Officials Clinic here some time late in August. From this we hope to form a Football Officials Association from which all officials for all games will be drawn. All those interested in attending this clinic should contact the Recreation Office in the near future. Likewise we would like to hear from anyone interested in any phase of the program.

Tournament Re-scheduled

The Men's Softball Tournament scheduled for last weekend at the Lions' West Valley Recreation Park has been rescheduled for Sunday, August 14th. The tournament featuring ten or eleven teams was postponed because of the inclement weather which was prevalent around these parts over the weekend.

Competing for top honors in this tourney will be teams from Swan Hills, Barrhead, Edson, Warburg and Breton along with four teams from Drayton Valley. This will be a double knockout tournament and all games will be played on the diamonds in the Lions Park.

U.S. Families Visit Here

Mr. and Mrs. E.S. Armstrong had as their guests for the Klondike Kampers Karnival Mrs. Armstrong's brother and two sisters, Mr. and Mrs. B.A. McElroy of Richmond, California, Mrs. Violet Smith of Garden City, Kansas and Mr. and Mrs. Laverne Donaldson and daughter of Englewood, Colorado.

Mrs. Armstrong accompanied her sisters, the Donaldson's and Mrs. Smith through to Calgary via Jasper and Banff, where they left to meet Mr. and Mrs. McElroy at Williams Lake, Idaho for some trout fishing.

Art Exhibit

Be sure to keep the date of September 24th free to attend the tea and exhibit which will be put on in the Elk's Hall by the members of the Drayton Valley Art Club. Please watch this paper for further details.

Report of Health Unit

Continued from Page 1

INFANT, CHILD & ADULT CLINICS

Seventy Clinics were held during this quarter with a total attendance of three thousand and ninety. The average attendance was 49.9. The increase in attendance was due in large measure to the introduction of the Measles Vaccine Program for children from three months up to the third birthday.

SCHOOL HEALTH SERVICES

The School Health Services were completed as planned and and all immunizations were undertaken as required. In addition, a large scale program was commenced, during the month of June, by giving a third feeding of Sabin Oral Vaccine to the children in many grades.

DENTAL

During the second quarter of 1966, the schools in Drayton Valley, Hinton, Peers, Fulham, Robb and Marlboro were visited. Pre-school clinics were held in these areas as well as in Wildwood.

In Drayton Valley, work was completed in the Drayton Valley Elementary School.

SANITATION

The Health Unit Trophy for the "Most Improved Dairy Farm" (1965) was presented to J. Kastelic of Sangudo. The presentation was made by Mr. Guy Dompnier, Health Unit Representative, at the Valley Milk Producers Annual Meeting.

The quality of raw milk in general has been good during this quarter, but several samples of finished products revealed high plate counts.

Routine water samples, obtained from municipal supplies, were all satisfactory. Several private supplies revealed coliform contamination. Investigation of these shallow wells suggested surface contamination and after advice and treatment, follow-up samples were satisfactory.

All Department of Highways campsites and water supplies were checked. The general sanitary condition of these camps was good and water reports satisfactory.

Some of the private lumber camps are of a poor standard, however future inspections will be made to achieve improvement. The road conditions and camp locations present problems in carrying out frequent inspections.

One female fly may be the founder of a family of 432,000 flies in a few weeks.

Editorial — Comment

Slow Down Integration

Integration of Canada's armed forces has touched off a wave of controversey that should caution Mr. Hellyer into moving slowly toward his total unification goal. Combination of the top echelons into a joint defence staff makes sense and will likely effect a saving to taxpayers but the value of combining the rank and file of army, navy and air force is questionable.

Present day soldiers, sailors and airmen, like those who went before them, are proud to a man of their own regiments, ships, squadrons and their own particular service. Removing the history and traditions and introducing a common uniform is not likely to bolster loyalty and pride in service.

The admirals who disagreed with Mr. Hellyer have gone but perhaps the public should have heard more from them. A man who has spent his whole life in the navy and risen to the rank of admiral must certainly be in a position to comment intelligibly on the structure of forces serving his country.

Sick, Sick World

Another example of just now sick our civilization is becoming is the item in Newsweek, April 18th, that tells about the morbid "piranha ante" game played in American bars where patrons bet on which goldfish will be the first victim of a deadly piranha dropped in their tank. Fortunately most of us are revolted by stories of the type screamed at us daily in news headlines and inasmuch as we are, there is still hope that we will find our way through the "sick, sexy sixties."

ATTENTION FARMERS
I.D.'s 77, 78 & 95

Limited financial assistance may be available for the purchase of forage seed in 1967 for weed control, soil conservation and reclamation projects.

Farmers with serious soil or weed problems should contact the undernoted by SEPTEMBER 1, 1966. Farms will be inspected before freeze-up this fall.

The board will review inspection reports, and eligibility will be based upon: Seriousness of problems, level of income, and size of farm unit.

Buck Creek News

Mrs. Gladys D. Stec,

Mr. and Mrs. George Cowan of Vancouver, B.C. were visiting relatives in the district for a few days last week.

Miss Louise Hawryluk is holidaying at the Al Lee home for a few days.

Mr. Louis Regenwetter was home from Thompson, Manitoba to visit his parents, Mr. and Mrs. Ben Regenwetter for a few days recently.

Mr. and Mrs. Frank Hauser returned from a weekend camping trip.

I am sorry to hear that Mr. and Mrs. Lloyd Melsons baby has been on the sick list, and spent a few days in Drayton Valley hospital.

A farewell party held at the home of Mr. and Mrs. Edwin Kent on Friday, July 29th in honor of Sylvia Hauser was thoroughly enjoyed by all. A lovely turkey supper was served. The Hauser family are presently making their home at Squamish, B.C.

I would like to express the sympathy of the district to Mr. Henning Halgren and family on the passing of his brother, the late Gus Halgren of Breton, in B.C. on July 26th. Funeral services were held at Breton.

Mr. and Mrs. Archie Dunlop were visitors at the home of Mr. and Mrs. Buster MacDonald for a few days last week.

The August meeting of the B.C.W.W. ladies club will be held at the home of Mrs. Berthe Simpson on the afternoon of the 18th.

Mr. and Mrs. Art Melin motored to Edmonton last Saturday to attend a wedding.

Mr. and Mrs. Gordon Haukedal have left to holiday at Camrose and various points.

Mr. and Mrs. Hohn Iwanicka of Calmar were visitors at the home of Mr. and Mrs. Ed Gaudet, recently.

MR. W. PETERS

Mr. C. G. Davey, Superintendent of the Province of Alberta Treasury Branches, announces the appointment of W. (Wally) Peters as Manager of the Drayton Valley Treasury Branch.

Mr. Peters, formerly of Rocky Mountain House, has 14 years of banking and Treasury Branch experience. He is married, with three children. Mr. Peters replaces A. A. Braden, who has been transferred to Lloydminster to open a new Treasury Branch.

RECIPE

When leaving the campsite, make sure the campfire has been put out. Several buckets of water should be poured over the flames while the embers are stirred to uncover any hidden fire. Finally, to smother the last embers, the site of the campfire should be covered with earth. This "recipe" for drowning a campfire will insure the prevention of forest fires.

fashion news

BY NANCY GAYLORD

FASHION CONSULTANT TO THE 160 SINGER CENTERS IN CANADA.

Are you kooky enough for a Kabuki? Inspired by the costumes worn in modern Japanese drama, the Kabuki is perfect for steamy temperatures. Loosely shaped, with widened kimona-style sleeves, in gigantic art-nouveau prints. The fewer seams, the better. Very, very comfortable . . . and such a melange of faults can lurk beneath.

Try the Kabuki in silk jersey for pure luxury. To make it easy to sew, stitch over tissue paper. Keeps it from slipping; just tear off afterwards. Or, try the Kabuki in a new tissue batiste for coolness plus.

For sheer delight, try voile. What is it? It's a fine delicate-looking cotton made from long, strong fibres grown in Egypt or the South Sea Islands. Light as air, it sheds wrinkles; requires only a brush of the iron. Cool to wear because it's porous and "breathes". Choose a dainty baby print for a soft, fragile look reminiscent of Victorian feminity.

With the sheer and semi-sheer delicate fabrics with us this season, try a narrow French binding around neckline and armholes instead of facings. Cut a true bias strip 6 times the finished width desired. Fold in half lengthwise with right sides out. Stitch raw edges of bias to right side of garment making the seam ⅓ the width of the folded bias. Turn folded edge over seam and hand hem in place.

Are you the experimenting type? Try this one: Note the styles you particularly like in your favorite fashion magazine. Now, ask your "Mr. Special" to do likewise. Shocked at the different choices? Maybe a lesson is to be learned here?

Fashion leaders watch for:

* Halter necklines with high bib fronts
* Square armholes
* The seven-eights length coat
* Transparent plastic shoes

Do your feet hurt? Perhaps this news will help you in choosing a shoe that really fits. A new system of fitting shoes will be introduced in Canada this fall. The system will measure the girth (distance around the ball of the foot). It will apply first to men's shoes and later to children's and women's shoes.

The newest gloves are a lovely way to show off pretty hands . . . all cut-out and baring in short, short lengths that barely cover the wrist bone. Some are in contrasting colours of black or navy and white; others are all one colour in such delectable tints as butter, milk, bone and pistachio. The cut-outs range from circles, to diamonds to art-nouveau fantasies. Perfect compliments to the architectural shapes of Summer . . . cool too!

STONY PLAIN SCHOOL DIVISION NO. 23
STONY PLAIN, ALBERTA

Applications For School Bus Operation

The Board of the Stony Plain School Division No. 23 is inviting applications for a school bus operator.

The successful applicant will be required to purchase from the Divisional Board a 1961 G.M.C. 36 passenger school bus (the school bus previously owned by Mr. A. Schlichenmayer) in fairly good condition. The route to be serviced is east and north of Tomahawk involving a daily mileage of about 38 miles and paying about $20.00 per day. The route will be available September 1, 1966 and the terms of sale are cash before that date.

Applicants must have a Class A Alberta Operator's License and must possess a reputable character and a good driving record.

Applications should be submitted in writing to the Divisional Office in Stony Plain not later than 5:00 P.M. on Monday, August 15, 1966. The Board of Trustees reserves the right to accept or reject any application.

For further information please contact the Divisional Trustee, Mr. G. E. Jouan, Tomahawk, Alberta (Phone R-211) or the undersigned.

A. W. BOYCHUK,
Secretary-Treasurer,
Stony Plain School Division No. 23,
Stony Plain, Alberta.

Dale Mastre Writes W.I.

The following letter was received recently by the Drayton Valley Women's Institute and being of interest to many readers is reprinted here:

July 20, 1966
Hudson Hope,
British Columbia.

Dear Members of W.I.,

After returning home from Graduate Camp I felt that I should write to you and express my appreciation of your sponsorship of me the last two years to Teen Camp and then to Graduate Camp. At Graduate Camp this year we did not discuss such things as parliamentary procedure and debating, but we were exposed to some radical new ideas which has made me more sensitive and aware of the social revolutions around us. It was an exciting and challenging week.

Now I find that an even larger opportunity has been presented to me. Four other Graduate Camp members and fifteen other young people from the Province of Alberta, along with myself, will spend three weeks in Eastern Canada next summer. The trip, organized by the Alberta Agricultural Centennial Committee and sponsored by most agriculturally oriented organizations in Alberta, will be highlighted by a three or four day visit to Expo '67. My sincere thanks for making all this possible.

Yours truly,
Dale Mastre.

Alberta Hail Studies Report

Hail was reported within the Alberta Hail Studies area on only two days during the week ending July 31st, at a time when hail activity is usually at a maximum. Severe storms were reported outside the area both South of Calgary and North of Edmonton.

On Monday, July 25th the most severe storms so far this summer swept through Southern Alberta, but since most of the activity was outside the hail studies area not too much detailed information is available. However, judging by the number of insurance claims filed the storm which swept from Lethbridge to Medicine Hat during the morning was by far the most severe.

From the 123 reports, including 20 walnut size, 3 golfball and one baseball size, already received most of the hail appears to have fallen in two main swaths. The first started in the Leslieville-Leedale area and moved East-South-East across Red Deer. A small pocket of walnut to golfball size hail fell along the Red Deer River Valley just North and East of the City causing up to 100% damage to crops. This swath continued on over Delburne, Big Valley and produced hail up to baseball size North of Hanna with heavy damage.

The second main swath started near Sundre and produced a pocket of walnut size hail with considerable damage from Olds through the Lonepine Creek region. Another pocket of walnut size hail fell in the Drumheller area.

Through your Red Cross
your help does so much
for so many

ANTELOPE

AND NON-TROPHY SHEEP

HUNTING LICENSE APPLICATIONS

ANTELOPE Open Season — October 22 to October 29, 1966

SHEEP Open Season — September 1*

This year, a random selection of a limited number of antelope and non-trophy sheep licenses will be made from all valid applications received from Alberta residents. "Resident" means a person who has resided in the Province for a period of one year immediately prior to the date of application for a license.

Before applying for a license it is necessary to have a 1966 Wildlife Certificate. A group of hunters, up to a maximum of four, who wish to hunt in the same vicinity may submit their applications in one envelope. Each applicant is only allowed one application. As there are several areas open to antelope and non-trophy sheep hunting, please indicate on the front of the envelope your first, second, or third choice.

Each applicant who is not drawn on his "first choice" area has an equal opportunity to be selected in his "second choice", etc. All applications must be submitted on a special form available only at Provincial Fish and Wildlife Offices. As illegible or incomplete applications do not qualify, it is important to carefully read the instructions.

A money order or certified cheque payable to the Provincial Treasurer must be enclosed with each application.

—$7.50 FOR ANTELOPE LICENSE
—$5.00 FOR NON-TROPHY SHEEP LICENSE

Waddell-Brown Nuptials At United Church Here

Vases of white gladioli and yellow mums decorated the alter at Drayton Valley United Church on July 9th when Phyllis Lee Brown, second eldest daughter of Mrs. Rena Brown of Drayton Valley and John David Waddell, only son of Mr. and Mrs. Dave Waddell of Magnolia exchanged wedding vows. Rev. Gordon Ingram officiated at the 3:00 p.m. ceremony.

Escorted by Mr. Allan Malloy, the radiant bride entered the church carrying an arc shaped bouquet of white roses and white shastas. Her full length white bridal gown was lace over satin featuring a pearl and crystal bodice with chantilly lace and lily point sleeves. Chantilly lace also formed circles of flowers around the skirt. Her veil was of lovely illusion tulle and was held in place by a single orchid headpiece. Her only jewelry was a single strand of pearls, a gift of the groom. The bride was given in marriage by her mother.

Miss Ardith Vandergrift was maid of honour and Miss Esther Webber was bridesmaid. They wore blue crystal charm dresses; matching headpieces; pearl drops, gifts ot the bride; white accessories and carried bouquets of yellow shastas.

Mr. John Waddell, cousin of the groom, was best man and ushering was Mr. Rosie Trachuk. Mrs. Torgorson played the wedding music.

The reception was held in the Cardium Room of the Drayton Valley Hotel which was decorated with white and blue bells and streamers. The head table held a three-tiered wedding cake which was beautifully decorated with blue and white rosettes. Blue and white candles, vases of white gladioli and yellow mums completed the decorations at the head table.

Miss Linda Brown, sister of the bride, was in charge of the guest book while the bridal party received the wedding guests.

Mrs. Brown, mother of the bride, chose a two-piece suit of blue with white accessories and wore a corsage of white roses. Mrs. Waddell, the groom's mother chose a blue two-piece dress with white accessories. A corsage of pink roses completed the ensemble.

Master of ceremonies was Mr. Don Taylor of Edmonton. A toast to the bride was proposed by Mr. Allan Malloy and responded to by the groom A toast to the maid of honor and bridesmaid was made by Mr. Jim Ferguson of Edmonton. Mr. John Waddell, best man, proposed a toast to the mother of the bride and parents of the groom.

A dance followed at Entwistle where music was supplied by Reg Ross of Drayton Valley.

A charming suit of yellow linen lace with white accessories and a corsage of white roses was chosen by the bride for the wedding trip to Jasper and Banff. The young couple will make their home in Wabamun.

Out of town guests were from Czar, Calgary, Edmonton, Hannah, Magnolia, Lac La Biche and Turner Valley.

EVANSBURG NEWS

Mrs. M. Bruner Correspondent

Not much haying has been done these past few days because of the wet weather we have been having. Sure hope it stops raining soon as right now the ducks are using the backyard as a swimming pool.

Escaping from all the rain are Mr. and Mrs. Cumming who have gone to Scotland for a couple of months. During Mrs. Cumming's absence, Mr. Nickolayuk will take over the village's secretarial duties.

Sadly missed by all his friends and relatives will be Dad Neighbor who passed away recently. Mr. Neighbor was one of the village old-timers who had lived here for a good many years.

Word has been received that Mr. and Mrs. Low Larsen formerly of Evansburg have been injured in an airplane crash. Both are on the way to recovery and the best is wished for them.

A housewarming party was held for Mr. and Mrs. J. Mazeppa. A number of friends gathered to wish the happy couple good wishes and to present them with a gift.

Miss Rosemary Wolff was honored at a bridal shower held in the Legion Hall recently. Rosemary will soon be married to Mr. Jerry Benson of Wildwood.

Swimming Pool SPLASHES

The 1966 swimming season is already well spent with less than four weeks to go before close-up. In many respects this has been a very successful season to date. As of the end of July a total of 20,063 swimmers used the pool since opening date on May 20th. This figure is well above last year's count at this time and with a break from the weather during August the final count could be well over 30,000 before September 1st. Taking everything into consideration this would be a very satisfactory attendance for such a facility in a community of this size.

Once again, this year we have been favored with expert supervision and very efficient lifeguarding at our pool. The Pool Supervisor, Ken Mickey and his staff are doing a fine job and deserve credit for the efficiency of the operation of this rather difficult facility.

The one phase of our pool operation where there has been a marked drop since 1965 is the number of persons taking swimming instruction. Scarcely half the number are taking instructions this year compared with last year's figures. The reason for this might be that a good number of local people have taken the swimming course. In 1963 and 1964 over 400 persons took swimming instructions each year. The pool was in its first and second years of operation then and it is hardly realistic to expect that the number of people taking instructions would remain at this high level year after year. Of those taking swimming instruction this year to date we have a passing average of approximately 88% of the candidates which is a pretty fair score in any league.

The mile swim is still a challenge to many local swimmers both youngsters and adults. Some are striving to do the mile within the allotted 45 minutes for the first time while others are swimming the distance night after night using the different strokes, attempting to improve their time. Grant Germaniuk leads the pack with a time of 31.8. He is trying desperately to get his time under 30 minutes for the mile and our money says he can do it.

Our Annual Swim Meet is set for Saturday, August 13th. There will be swimmers from Edson and Hinton to compete against the local Neptune Club. Last year the meet had to be cancelled because of inclement weather and we certainly hope for the best this weekend. The local swimmers have trained hard this summer under coaches Fred DeGeest, Ken Mickey, Vic Timmins and Jackie Timmins and are certain to give a good account of themselves come Saturday afternoon. Make it a point to drop over to the local pool to cheer the youngsters on. We are developing some mighty fine swimmers in this town.

FIRST AID

Training in first aid is a valuable asset to anyone. Accidents happen frequently, indoors and out and often a life can be lost unless the correct action is taken quickly. Your local St. John Ambulance will supply information on classes.

Rocky Rapids News

We were saddened Monday night to hear of the passing of Mr. Charles Brochu of Edmonton. Mr. Brochu was married to the former Mrs. Swap of Rocky Rapids.

Mrs. Madge Wall is visiting family and friends in the district for a week.

Mrs. Phillips and Mrs. Fri Freier motored to Berwyn to visit Mrs. Phillips mother.

Mr. and Mrs. Roy Sjerdal of Creston, B.C., are visiting relatives and friends in the district.

Mr. and Mrs. Bill Louth and daughter are visiting at the the home of Mrs. and Mrs. Wm. Louth.

Don't forget the Rocky Rapids picnic Sunday, August 14th. See you there.

DRAYTON VALLEY, ALBERTA

Centennial Report

1867 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

It is still possible to put a canoe into our Canadian rivers and tributaries and paddle to one of the oceans.

Eric W. Morse, an expert on our fur trade history who has traversed and written about the old canoe routes of Canada, says there are as many miles of inland waterways in this country as in all the other nations of the world combined. In fact it is estimated that one quarter of all the fresh water in the world is to be found in Canada.

In an article published a few years ago, called "Canoe Routes of the Voyageurs", Eric Morse suggested that, sometimes, as much history can be learned from a canoe as from a history book. If that is the case -- and I believe he is right -- many of us are going to learn more about Canada's history when our attention is attracted to the 100-day Centennial Voyageur Canoe Pageant next year. From Rocky Mountain House, near the Alberta-British Columbia border, canoers will dip their paddles and follow in the wake of voyageurs and fur traders along the early inland waterways. Their destination-Expo 67 at Montreal, a distance of some 4000 miles.

The big race in the summer of 1967 will be one of the highlights of the Centennial. Many Canadians who live on the route will be able to witness the pageant and the others will enjoy following the teams by way of press, radio and television reports during the 100 days.

Think of it -- 4000 miles in 100 days. This includes portages over slimy rocks, up mountain sides -- lifting their canoes and heavy loads of equipment -- sleeping outdoors -- soaked hundreds of times -- tired, worried, storm bound; plagued by black flies, sand flies, mosquitoes. Well, I have two comments: our forefathers did it; I'm glad I was not invited.

While the race will create excitement it also will stir our imaginations. It will remind us how some of our colorful pioneers travelled and developed the early economy of Canada. It is incredible, as Eric Morse describes it, that in an age before air travel, in a land devoid of road or rail, on a route beset with obstructions, dangers and difficulties, men burdened with hundreds of tons of fur and trade goods succeeded each year in crossing over half a continent and back again in the scant five months between breakup and freeze-up.

Crop Prospects Generally Good

Crop prospects throughout Alberta remain generally good, but warm weather is needed to mature heavy stands of grain.

Nearly all parts of the province received rain during the past week, and severe hail storms hit again in the South at Granum and Turin, North of Lethbridge, and at Acadia Valley, 170 miles East of Calgary.

Hail insurance claims in Alberta are now reported about 25 per cent higher than average for early August, and the worst of the hail season is not over yet.

Fresh fruit should always be washed before it is eaten, to remove dirt, bacteria, or insecticide residue. Except for the citrus fruits and others with hard or inedible rind, the fruit skin can be eaten or else pared thinly.

INTER-FAITH CONFERENCE

To show unity through diversity is the goal of a series of multi-faith services which will be held across the country throughout Canada's Centennial year.

The Canadian Inter-faith Conference, which has brought together an unprecedented 31 faiths to promote and co-ordinate religious observances for 1967, views the Inter-faith Community Services project as a "people to people" Centennial venture designed to appeal to everyone from teen-agers to senior citizens. It is one of seven nation-wide religious projects being planned for 1967 in a spirit of ecumenism by the Conference. The Canadian Inter-faith Conference was established through a grant from the Centennial Commission.

Working through provincial and local Centenhial and inter-faith committees across the country, the Ottawa-based Conference is allotting major planning responsibility to church laymen and interested young adults in individual communities.
